I. COURSE PURPOSE

The yearlong Field Seminar is a forum for students to integrate liberal arts education and social work course content with the field education experience as they develop generalist social work skills. According to the NCSSS BA Program, generalist practice is defined as the application of 1) an eclectic knowledge base grounded in a broad liberal arts education, 2) an understanding of professional social work values and ethics, and 3) a wide range of assessment and intervention skills to engage in multilevel interventions which emphasize identifying and mobilizing strengths and resources to promote growth, change, and social justice.

Agency-based case examples and presentations, seminar discussion, role play, and class assignments provide the student an opportunity to gain professional and peer feedback regarding the application of social work knowledge and the development of social work skills to the solution of client system problems. Issues related to social work values and ethics, diversity, social and economic justice, populations at risk, human behavior and the social environment, social welfare policy and services, practice, and research are examined within the context of the student’s field practicum.

II. EDUCATIONAL OBJECTIVES

Upon completion of this yearlong course and 480 hours of field education in a community-based agency, students will be able to:

1. Demonstrate beginning knowledge of generalist social work practice.

2. Demonstrate knowledge of human behavior and the social environment.

4. Demonstrate professional use of self.

5. Implement skillfully planned change processes that include establishment of a professional working relationship, problem identification, assessment, contracting, case planning, intervention, evaluation, and termination.

6. Engage in culturally competent generalist social work practice as demonstrated in work with diverse populations and populations-at-risk.

7. Conduct one’s practice in a manner consistent with the NASW Code of Ethics.

8. To demonstrate responsibility for one’s own learning experience by taking initiative in identifying learning needs in the learning plan and weekly field supervision.

9. Demonstrate competence in professional writing and agency documentation.

10. To classify the field practicum by the field of practice, the agency structure and function, the program services, the population served, practice interventions, the community context, and the community resources.

11. Identify and discuss major global, federal, state, local, and agency policies that impact service delivery in the agency.

12. Demonstrate analytical and critical thinking skills in the conduct of one’s generalist practice.

13. Apply an empowerment, strengths, and resilience framework to the planned change process across all levels of practice.

14. Use communication skills differentially with client populations, colleagues, and communities to affect change and to improve service delivery.

Grade assignment is in accordance with the University grading system for undergraduate students. Please note that the seminar instructor assigns the grade for field placement. The final grade is based on field education (60%) and seminar work (40%). Students must receive a grade of C or better in both Seminar and in Field in order to progress to the next semester in field placement.

Students must complete 480 hours of field education at their community-based agency over the two semesters. Students must receive a minimum grade of Satisfactory for all threshold items on the Final Field Evaluation each semester. Students must receive a recommendation for a letter grade of Pass, or C or better, by the field instructor on each semester’s Final Evaluation.
SSS465 Seminar Work = 40% of SSS 465 grade
Attendance & constructive class participation = 20%
Guided Process Recordings (4) = 40%
Field Agency Profile = 25%
Practice Evaluation Project Proposal = 10%
Culture Project = 5%

SSS466 Seminar Work = 40% of SSS 466 grade
Attendance & constructive class participation = 20%
Process Recordings = 40%
Agency analysis = 15%

- **Attendance:** The Seminar is a colloquium for integrating the students’ field work and field internship experiences and learning to integrate theory and practice. Therefore, students are expected to attend all classes and expected to participate meaningfully in class discussions. Attendance is required at a minimum of 12 seminar classes each semester. If a student cannot attend a seminar, s/he must call or email the instructor in advance of the class. Any student not meeting the attendance requirement is at risk of failure.

- **Due Dates:** Both graded and ungraded assignments are to be submitted to the instructor on the due date unless special arrangements are made prior to the due date with the instructor. The grade will be lowered 5 points otherwise. At the instructor’s discretion, grade may be lowered 5 points for each week the assignment is late.

- **Guides:** Assignments are to be written according to the outline provided. The grade will be lowered 5 points otherwise. Every assignment must be satisfactorily completed to pass the course.

- **Originality:** The assignments must be original work for this class. Penalty is in accord with violation of NCSSS standards for ethical behavior. Any violation will be referred to the BA Program Chair.

- **Winter Break:** Refer to the NCSSS Field Education Manual for specific information on field requirements during the winter break. It is anticipated that most students will return to field the week before spring semester classes begin.
F. Course and Instructor Evaluation
NCSSS requires electronic evaluation of this course and the instructor. At the end of the semester, the evaluation form may be accessed at http://evaluations.cua.edu/evaluations using your CUA username and password. Additional, informal written or verbal feedback to the instructor during the semester is encouraged and attempts will be made to respond to requests.

1. The instructor must make an explicit request of the disruptive student to cease and desist.

2. If the student persists in disruptive behavior, the instructor shall immediately report the case to the chairman of the department or, in non-departmentalized schools, the dean of the school in which the course is given.

4. If the chairman or dean rules that the student’s continued attendance is harmful, he shall inform the student that he or she may not attend the course.

5. Within five weekdays (excepting holidays), the student may appeal the ruling to the provost, who shall meet with the student, consult with the instructor and the chairman or dean, and either a) reinstate the student, or b) uphold the removal of the student and register a withdrawal of the student from the course.
